

4TH KOLKATA TRANSPLANT COLLOQUIUM

14th - 15th May 2022
ITC Royal Bengal, Kolkata

Dear Friends,

With great pleasure, the members of ISN East Zone and Narayana Health, warmly invite you to the Kolkata Transplant Colloquium, on the 14th and 15th of May, 2022, at the ITC Royal Bengal, Kolkata. The reverberations of the recent pandemic have been wide and deep, and brought life to a standstill. All academic activities including the Transplant Colloquium were affected. As we recover from the ravages of the pandemic, we decided to conduct this year's Kolkata Transplant Colloquium, as a purely physical conference, with a host of excellent erudite speakers and chairpersons. This year's academic programme boasts of very interesting and relevant topics in organ transplantation including a session on the Indian experience of renal transplantation during the COVID19 pandemic.

We extend a heartfelt welcome to all our dear guests to enjoy the cultural programme with music by popular playback artist Ms Sona Mohapatra with a much needed evening of warmth and bonhomie.

In the Bengal summer, we look forward to having you in the beautiful city of joy, Kolkata and promise you a memorable, rewarding weekend at the colloquium.

Dr. Deepak Shankar Ray
Chairman, Organising Committee

Dr. Arghya Majumdar
Chairman, Scientific Committee

Dr. Sharmila Thukral
Secretary, Organising Committee
